

Driver Screening Disclosure and Authorization

Review-only packet - not a final standalone screening form

Company-approved policy publication, effective October 7, 2026. Publication does not activate commercial rides or certify that operational requirements are complete. Public rides require applicable permits, insurance, verified driver screening, safety operations, payment accounts and release acceptance. The screening packet remains a provider-review template and cannot be used by itself to order a consumer report.

1. DISCLOSURE LANGUAGE FOR SEPARATE REVIEW

This review packet includes implementation guidance and must not be presented as the final standalone screening disclosure or signed to order a report. Provider and counsel must prepare the separate final disclosure and authorization flow.

Mars Jr LLC, doing business as MyD.D. Rideshare, may obtain one or more consumer reports about you from a consumer reporting agency for purposes of evaluating your eligibility to access or continue accessing the MyD.D. driver platform. A report may include identity verification, address history, motor-vehicle records, criminal history where lawful, sex-offender registry information, sanctions, and other legally permissible eligibility information.

If MyD.D. requests an investigative consumer report based on personal interviews about character, general reputation, personal characteristics, or mode of living, MyD.D. will provide any additional notice and description of the nature and scope required by law. Reports may be obtained during application and, if separately and clearly authorized below, periodically while you remain eligible for the platform.

2. AUTHORIZATION

I authorize Mars Jr LLC (DBA MyD.D. Rideshare) and its qualified consumer reporting agency to obtain consumer reports described above for my initial driver-platform application. I also authorize additional reports during my platform relationship only if I separately select the continuing-authorization option in the application. I understand that I may decline, but MyD.D. cannot approve or continue driver access without completing legally required eligibility checks.

This authorization does not waive any right under the Fair Credit Reporting Act or other law. The production application must capture the applicant's affirmative authorization, version, timestamp, identity, and whether continuing authorization was separately selected before ordering a report.

3. APPLICANT INFORMATION AND SIGNATURE FIELDS

- Full legal name: _____
- Former names/aliases used for verification: _____
- Current address: _____
- Date of birth (provider-hosted secure field): _____
- Driver license/state (provider-hosted secure field): _____
- Initial report authorization: [] I authorize
- Continuing reports while active: [] I separately authorize
- Electronic signature: _____ Date: _____

4. RIGHTS AND ADVERSE ACTION

Before taking adverse action based in whole or in part on a consumer report, MyD.D. will provide a copy of the report and the applicable Summary of Your Rights Under the Fair Credit Reporting Act, identify the reporting agency, and allow a reasonable opportunity to dispute inaccurate or incomplete information. If final adverse action is taken, MyD.D. will provide the required notice and contact information. The reporting agency does not make MyD.D.'s eligibility decision.

5. IMPORTANT IMPLEMENTATION CONDITION

First Advantage is the owner-selected provider for criminal and motor-vehicle screening, but access and the live integration have not been verified. The intended sequence is application, separate affirmative consent, screening, provider result, authorized MyD.D. review, then activation. This packet must be reviewed by counsel and First Advantage and populated with exact reporting-agency and state-notice details before a report is ordered. Driver Agreement acceptance is not screening authorization. Raw reports and sensitive screening details must not be shown broadly in Admin or to riders. Company contact: (803) 381-0790; mydd@myddrideshare.net.
